Art Unit: 2827

The following is an examiner's statement of reasons for allowance: The prior art does not teach the claimed invention as a whole, including dispensing an underfill in a space between the electronic device and the substrate, wherein an upper portion of the underfill is adjacent to the electronic device, wherein a lower portion of the underfill is adjacent to the substrate, wherein the underfill encapsulates the electrically conductive interconnect, wherein the underfill comprises a resin and a filler, and wherein the density of the filler is less than the density of the resin; and curing the underfill after which a weight percent concentration of the filler in the underfill is higher in the upper portion of the underfill than in the lower portion of the underfill.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
